Overview

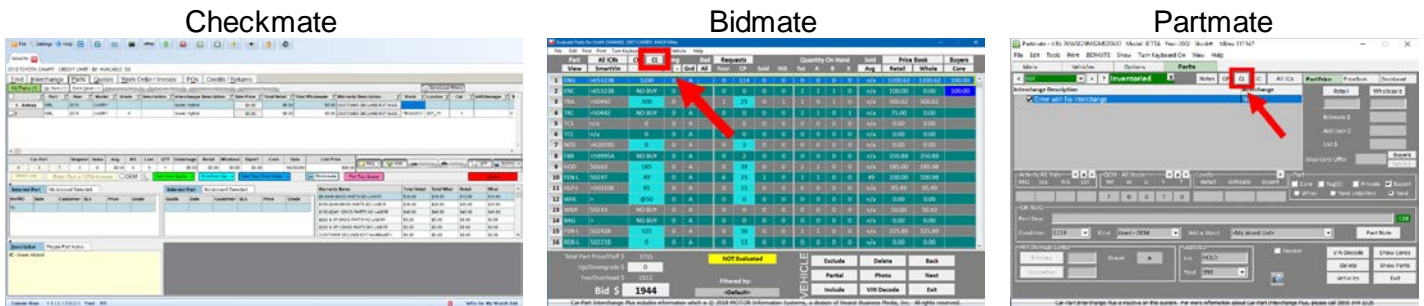

CrashLink helps you quickly access OEM list price information, calculate pricing for entire assemblies, and view part diagrams. No more crash catalogs!

Using Motor® data, CrashLink provides you with the most accurate OEM pricing information. CrashLink helps you calculate your best price based on the list price and percentage discounts. This is especially helpful when you don't have a price in your Price Book. CrashLink is integrated with Checkmate, Bidmate, and Partmate – just press your F-key or click a button to start a CrashLink search!

Here's an overview of a typical integrated CrashLink workflow:

Step 1: Begin a CrashLink Search

When you're working in Checkmate, Bidmate, or Partmate and realize that you need more information, just press your F-key or click your **CL** button to begin a CrashLink search for the part you're working on. (You can also log into CrashLink in your browser. See the **Part Search/Manual Search** section of this document for more information.)

Step 2: Part Selection

CrashLink opens in your browser, with a list of parts that match your search. Select the part(s) you wish to search, then click **Add to Your Parts**.

Start	End	Model	Part	Description	OEM	Labor	List \$

Step 3: Pricing/Information

The Pricing/Information screen opens. This is the main CrashLink screen, which has the information you're looking for: list pricing information, part applications, and diagrams.

From here, you can also add or remove parts from your search.

Step 1: Begin a CrashLink Search

To use CrashLink, you must be connected to the internet, and Trading Partners must be running.

You can begin a CrashLink Search from:

- Option A: Checkmate Sales Pro
- Option B: Checkmate Inventory
- Option C: Partmate
- Option D: Bidmate
- Option E: Trading Partners Search Results
- Option F: Checkmate Retro

Option A: Checkmate Sales Pro

1. In Checkmate Sales Pro, search for a part as normal.
2. The **Parts** tab displays your Sales Pro search results.
 - **Note:** CrashLink will search for the highlighted part. If you have multiple part types in your search results, click to highlight the part you want to search.

* If you do not know your CrashLink F-key, see **Appendix B: Confirming CrashLink's F-key**.

Option C: Partmate

You can begin a CrashLink search in Partmate while pricing a part. CrashLink is available while inventorying parts off a vehicle, or while inventorying loose parts.

Inventory Vehicles

1. On the **Parts** tab, click to select a part.
2. Click **CL**.
3. CrashLink opens in your internet browser.

Inventory Loose Parts

1. In the **ADDING** window, enter the **Year/Model/Part** information.
2. Click **CL**.
3. CrashLink opens in your internet browser.

Option C: Bidmate

In Bidmate, you can begin a CrashLink search from the **Evaluate Parts** screen. CrashLink can help you determine the selling price, which can influence your Bidmate bid.

Follow these steps:

1. Click to highlight a part.
2. Click **CL**.
3. CrashLink opens in your internet browser.

The screenshot shows the 'Evaluate Parts' window for a 2007 Camry. The interface includes a menu bar with 'File', 'Edit', 'Find', 'Print', 'Turn Keyboard', 'Vehicle', and 'Help'. Below the menu is a table of parts. The 'CL' button in the menu is highlighted with a red box, and a red arrow points to it from the first row of the table. The table has columns for Part, All IC#, Quantity, Grade, and Price Book. The bottom summary bar shows a total bid of \$1944 and a 'NOT Evaluated' status.

Part	All IC#s	Quantity	Grade	Price Book	Buyers

Option E: Checkmate Retro

In Checkmate Retro, CrashLink can be accessed from the following screens:

- Find and Sell
- Quotes
- Enter Vehicle (**2,1** in ICM or **I14** in Classic)
- Enter Parts (**2,2** in ICM or **I15** in Classic)
- Edit Parts (**2,5** in ICM, **V12,17** or **I3** in Classic)
- Change Stock and Price Book (**2,6,3** in ICM and **I11** in Classic)

To initiate a CrashLink search from these screens, press your CrashLink **F-key**. (For most users, this is **F6**.)

* If you do not know your CrashLink F-key, see **Appendix B: Confirming CrashLink's F-key**.

Step 2: Part Selection/“Questions” Page

When you begin a CrashLink search, CrashLink opens in your browser.

1. Use the checkboxes to select any parts you wish to include in your search.
 - When you search for a part that may be part of an assembly, CrashLink lists related parts. Select all component parts that you would like to include in your search.
 - The **Information on the Part Selection Page** section of this document, below, explains the information that is available to you while you are making these selections.
2. Click **Add to Your Parts**.
3. If prompted, **Refine your selection by providing your vehicle year**.
4. The **Pricing/Information** page opens.

A. **OEM** – OEM number of the part.

- **NSS** indicates **Not Serviced Separately**

B. **Web** – Click **Web** to search for this OEM number on Google.

C. **T-P** – Click **T-P** to search for this part on Trading Partners.

D. **Labor*** – Remove and Replace labor time. (**Avg** indicates that this is the average of Min and Max labor time information.)

E. **List \$** – Most current OEM list price of this part. (Please see Appendix A: Currency Display Options for more information on how CrashLink displays USD and CAN pricing information.)

F. **Show All Choices** – (Only available if there are suppressed options.) Click **Show All Choices** to display suppressed options.

If you selected an interchange option in Checkmate and then launched CrashLink using your F-key, then CrashLink will suppress all Motor® parts that do not match that interchange option. However, if you can't find your appropriate choice on the list, you may click this button to review and select these suppressed options.

The parts that had been suppressed will now appear in your list. They will be colored red to indicate that they were previously suppressed. (To remove them from your list, click **Filter Choices**.)

* Available only to Labor Time Calculation subscribers.

Step 3: Pricing/Information

After you click **Add to Your Parts**, the **Pricing/Information** page opens.

The **Pricing/Information** page is the main CrashLink page where you will be doing most of your work. This page displays pricing information, part applications, and part/assembly diagrams.

The **Total Price** fields display the totals of the prices in the **List \$** and **List %** columns. The **List %** column defaults to 50% of **List \$**, but you can modify it to the value of your choosing.

- **Note:** See **Appendix A: Currency Display Options** for more information on how CrashLink displays USD and CAN pricing information.

- A. **Print** – Click this button to print the information from this screen. More information about this feature is available in the **Print This Information** section of this document, below.
- B. **Parts by Image** – Click this button to open a list of all parts in the image. This is useful if you want to add a part to your part list that you did not originally include. Use the checkboxes to select the part(s) you wish to add/include, then click **Add to Your Parts** to process the search and view your new **Total Price**.
- C. **Qty** – Use this field to change the quantity of the part. Enter a new quantity, then click **Update Your Parts** to update the **Total Price**.
- D. **Labor*** – This field displays the **Labor R&R Hours**. This information displays hours for Remove and Replace; if you are not replacing a part, your actual work time may be much less.
 - You may edit this field to reflect your true expected labor time (enter a new time, then click Update Your Parts). These changes will only display on your screen and in the **Print** function; they will not affect any calculations and will not be saved for future CrashLink searches.

* Available only to Labor Time Calculation subscribers.

- E. **List %** – By default, CrashLink calculates the **List %** as 50% of the **List \$**; however, you can use the textbox to calculate any percentage of your choosing. In addition, you can manually change the price of any individual part. To do so, type in a new price for the selected part, then click **Update Your Parts** to update the **Total Price**.
- **Note:** CrashLink will save your changes to the **List %**, but manual changes to the prices of individual parts will not be saved for future searches.
- F. **Web** – Click the **Web** link to search for this OEM number on Google.
- G. **T-P** – Click the **T-P** link to search for this part on Trading Partners.
- H. **Keep** – Use the checkboxes to specify which parts to keep on your list. To remove a part from your list, uncheck the box, then click **Update Your Parts** to update your list and the **Total Price**.
- **Note:** At least one part must be checked at all times; CrashLink will not allow you to deselect *all* parts.
- I. **Update Your Parts** – Click this button to update your **Total Price** after you have changed the **Keep**, **Qty**, or **List %** information.

Print This Information

The **Print** button allows you to print this page's information.

Part Search/Manual Search

While the most common way to search CrashLink is the automatic search process described above (wherein CrashLink uses the search criteria already specified in Checkmate, Bidmate, or Partmate), you are also able to perform a manual search. This is helpful when you want to look up a part that does not have a part code associated with it, and so are not able to search for this part in Checkmate.

You may also be directed to this page if CrashLink cannot determine which part you want to search, or if you search for a part that does not have a corresponding mapping in the CrashLink data.

Step 1: Begin Search

There are 3 ways to begin a manual search:

- Option A: Browser Login
- Option B: Part Search Button
- Option C: VIN Search Button

Option A: Browser Login

To open CrashLink in your internet browser, follow these steps:

1. Go to **CrashLink.Car-Part.com**.
2. In the **Recycler Login**, enter your **Username** and **Password**.
 - You can use your Trading Partners login, or the login you use for your **Car-Part.com Statistics and Reports** link. If you don't know this login, contact your support rep.

3. Click **Login**. CrashLink opens to the manual search.

Option B: Part Search Button

If you already have CrashLink open, you can launch a manual search by clicking the **Part Search** button at the top of any screen. This allows you to add a part to your part list.

Step 2: CrashLink Manual Search

When you have launched a search, CrashLink opens to the manual search page:

If necessary, you can modify the year, make, and model information with the drop-down menus at the top of the screen. (This will change the information for this search only; it will not modify the year/make/model information for any parts already on your list.)

You can use this page 2 ways:

- Option A: Search Terms
- Option B: Browse Categories

Option A: Search Terms

1. Enter a keyword (such as “SWITCH”) in the **Search Term** field.
2. Click **Search**.
3. Your results will include any parts with that keyword in the Motor name*. Click the checkbox(es) to select the part(s).
4. Click **Select Part(s)** at the bottom of the list.

* Search results are based on the words used in the Motor name. For example, if you search for “**Rocker Moulding**,” your results will not show **Rocker Panel Guard**.

5. The Part Selection list opens on the right. Click the checkbox(es) to select the part(s) you wish to include in your CrashLink search.

The screenshot shows the CrashLink interface. At the top, there are navigation buttons: Back, 2006, Ford, Explorer, VIN Search, Part Search, OEM Search, Parts by Image, Print, and Logout. Below this is a search bar with the term 'switch' and buttons for Search and Reset. On the left, a tree view shows categories: Body, Seats, Electrical, Lighting and Body, Electrical Connectors, and Switches. Under Switches, 'Door Window Switch' is selected with a blue checkmark. At the bottom left is a 'Select Part(s)' button. On the right, a table lists search results:

<input type="checkbox"/>	Part	Description	OEM	List \$
<input type="checkbox"/>	Door Window Switch	Front Left; Eddie Bauer, Limited, XLS & XLT; Switch Panel Assembly	6L2Z14529BAA Web T-P	102.11
<input type="checkbox"/>	Door Window Switch	Front Right; Eddie Bauer, Limited, XLS & XLT	6L2Z14529AAA Web T-P	7.95
<input type="checkbox"/>	Door Window Switch	Rear; Eddie Bauer, Limited, XLS & XLT	6L2Z14529AAA Web T-P	7.95

At the bottom right of the table area is an 'Add to Your Parts' button.

6. Click **Add to Your Parts**.
7. The **Pricing/Information** page opens, and the part(s) you selected have been added to your list. Continue with your CrashLink workflow as described in the section of this document titled **Step 3: Pricing/Information**.

Option B: Browse Categories

1. In the list of categories, click the category of the part you would like to search.
2. Continue “drilling down” through the categories and sub-categories until you reach the component selection checklist.
3. Click the checkbox(es) to select part(s).
4. Click **Select Part(s)** at the bottom of the list.
5. The Part Selection list opens on the right. Click the checkbox(es) to select the part(s) you wish to include in your CrashLink search.
6. Click **Add to Your Parts**.

The screenshot shows the CrashLink interface. At the top, there are navigation buttons: Back, 2006, Ford, Explorer, VIN Search, Part Search, OEM Search, Parts by Image, Print, and Logout. Below this is a search bar with the term 'ignition' and Search and Reset buttons. On the left, a tree view shows categories: Emission Control, Sensors, Ignition, Brackets, Flanges and Hangers, Control Modules, Hardware, Fasteners and Fittings, Ignition Coil, Primary Ignition, and Switches. Under Switches, 'Ignition Switch' is selected with a blue checkmark. At the bottom left of the tree view is a 'Select Part(s)' button. On the right, a table displays the selected part:

Part	Description	OEM	List \$
<input type="checkbox"/>	Ignition Switch	Eddie Bauer, Limited, XLS & XLT DG9Z11572A Web T-P	104.60

At the bottom right of the table area is an 'Add to Your Parts' button. At the very bottom of the page, there is a copyright notice: 'Information from Motor's databases (including OEM part descriptions, OEM pricing, and part illustrations) are copyright ©2019 by MOTOR Information Systems, a division of Hearst Business Media, Inc. All rights reserved. [Terms of Service](#)'

7. The **Pricing/Information** page opens, and the part(s) you selected have been added to your list. Continue with your CrashLink workflow as described in the section of this document titled **Step 3: Pricing**.

OEM Search

At the top of every CrashLink screen is a button for **OEM Search**. This button allows you to search for parts by OEM number. Follow these steps:

1. Click **OEM Search**. The OEM Search page opens.
2. Enter an OEM number in the **Enter OEM #** field.
3. Click **Search**. The Part Selection list opens below. This shows all parts that match this OEM number.
4. Click the checkbox to select the part you wish to include in your CrashLink search.

- **Note:** You cannot select multiple parts.

5. Choose the year from the drop-down.

6. Click **Add to Your Parts**.

Start	End	Model	Part	Description	OEM	List \$	
<input checked="" type="checkbox"/>	2006	2013	Impala	Deck Lid Hinge	Rear Right	25964301 Web T-P	69.20
<input type="checkbox"/>	2014	2016	Impala Limited	Deck Lid Hinge	Impala Limited: Rear Right	25964301 Web T-P	69.20

7. The **Pricing/Information** page opens, and the part(s) you selected have been added to your list. Continue with your CrashLink workflow as described in the section of this document titled **Step 3: Pricing/Information**.

- **Note:** Notice that the search at the top of your screen changed to match the year you selected in the drop-down on the previous page.

Examples of CrashLink Workflows

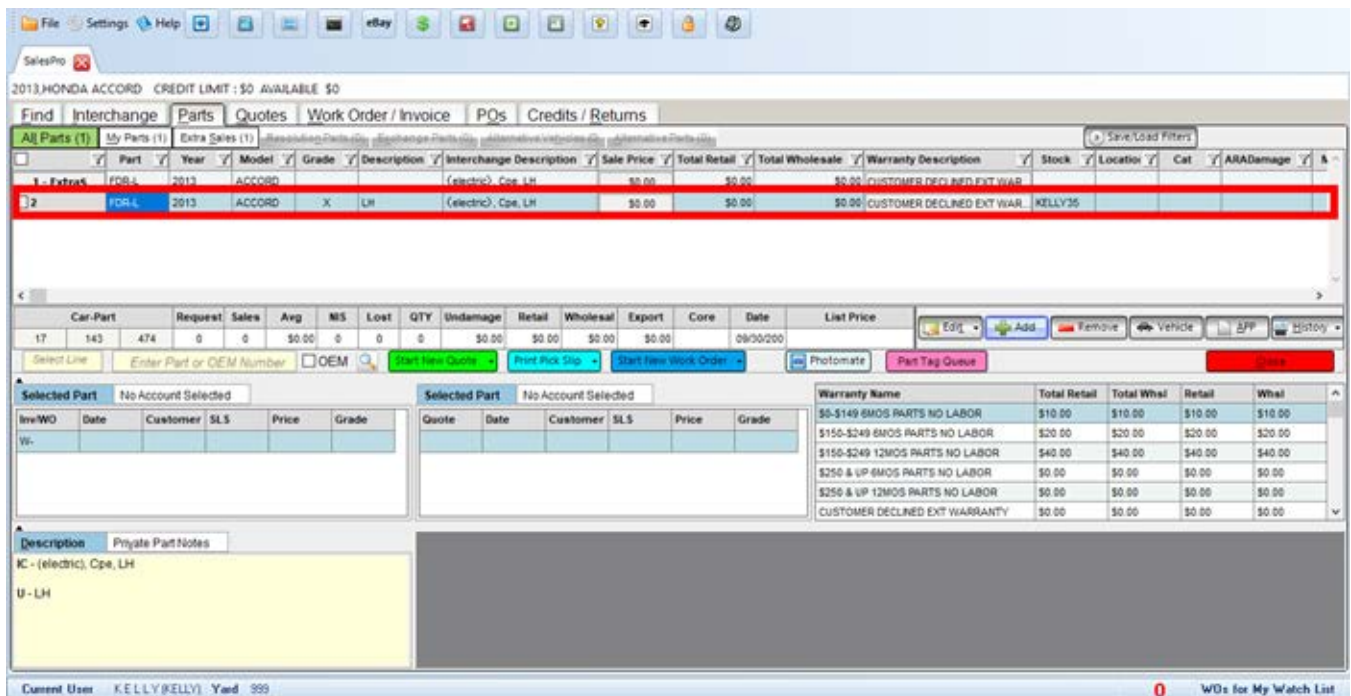

CrashLink is the solution for your OEM pricing and OEM information needs. Because CrashLink is so powerful and flexible, you might find it helpful to review these example scenarios to better understand the different ways CrashLink can assist you.

Checkmate Sales Pro

Pricing an In-Stock Part with an Interchange Search

Scenario: An insurance adjustor calls, requesting a left front door for a 2013 Honda Accord. You look up the part in Checkmate, and the part has interchange. You have the part in stock, but you do not have a Price Book price, and there is no list price provided. You want to research the price for this part on CrashLink.

1. From your search results on the **Parts** tab, click to select the part.
2. Press your designated **F-key** (for most users, this is **F6***).

* If you do not know your CrashLink F-key, see Appendix B: Confirming CrashLink's F-key.

3. CrashLink opens in your web browser.

CrashLink		Back	2013	Honda	Accord	VIN Search	Part Search	OEM Search	Parts by Image	Print	Logout
<input type="checkbox"/>	2013	2016	Accord	Door Molding	Front; Sdn; basque red			8P05T2A170			225.00

<input type="checkbox"/>	2013	2013	Accord	Window Regulator	Front Left; LX-S; Power Operated; Incl.Power Window Motor			72250T3LA11	1.4		369.68

Note that not only is the Door Shell listed, but also listed is the Door Glass, Door Hinge, Door Latch Assembly, Door Molding, Power Window Motor, and Window Regulator. When you look up a part like a door, there are often other parts that you may want to consider when researching the price (like other parts of an assembly), so CrashLink lists related parts here for you.

Ask your customer for the information you need to make your selections, and check the appropriate checkboxes.

4. Click **Add to Your Parts**. The **Pricing/Information** page opens.

					11/8/2017	HONDA	USA		\$778.83
					10/6/2017	HONDA	USA		\$752.50

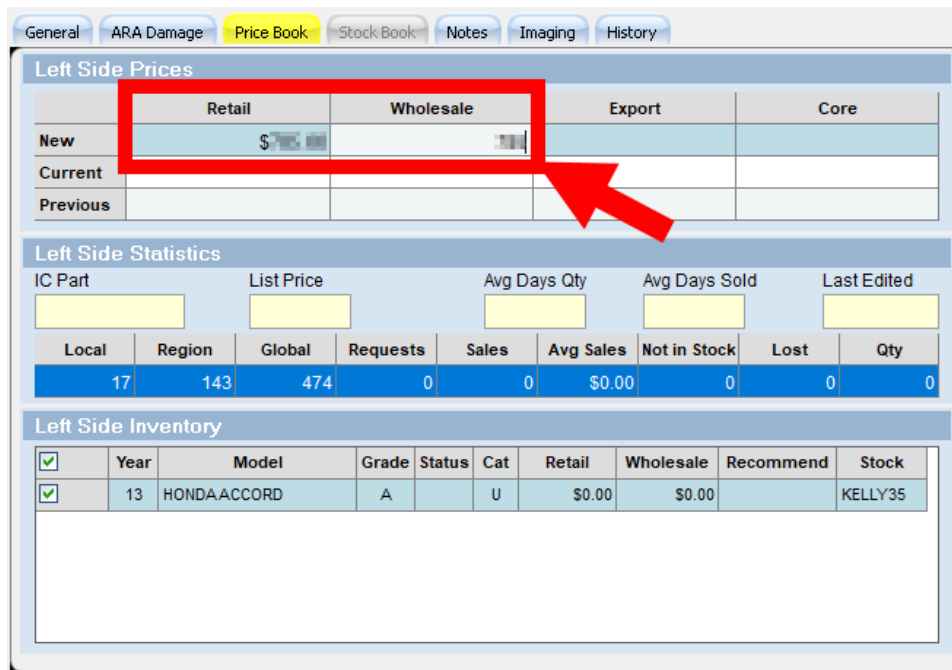

5. Reference the information available on this screen to determine the price of the door.

- Once you have done the research, enter pricing information into Checkmate's Price Book so that you can quote your customer on a price, and pricing information will be available for this part in the future.

To add this price information into Checkmate, highlight a part on the **Parts** tab, and then click **Edit**.

- The **Editing Item** window opens. Click on the **Price Book** tab to edit Price Book information.
- Enter the new price information in the appropriate field.

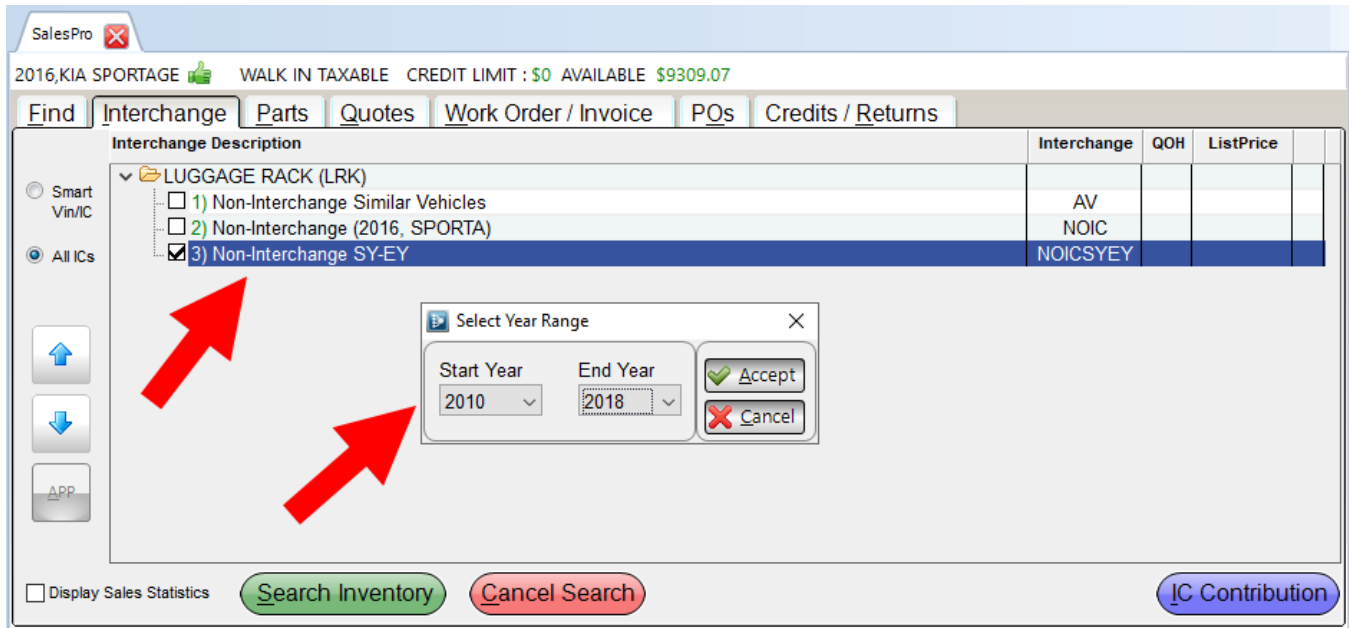

- Click **Accept** to save your work and close this window.

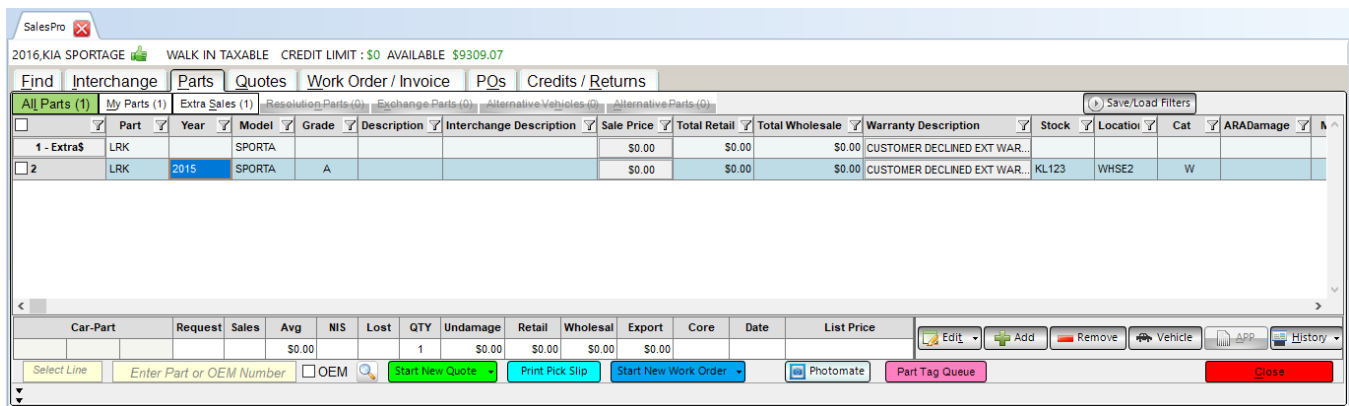

Finding a Similar Part with a Non-Interchange Search

Scenario: A retail customer calls requesting a luggage rack for a 2016 Kia Sportage. You look up the part in Checkmate. This part does not have interchange.

1. You know you don't have a lot in stock, so on the **Interchange** tab, select **NOIC SY-EY** to enter and search a range of years.

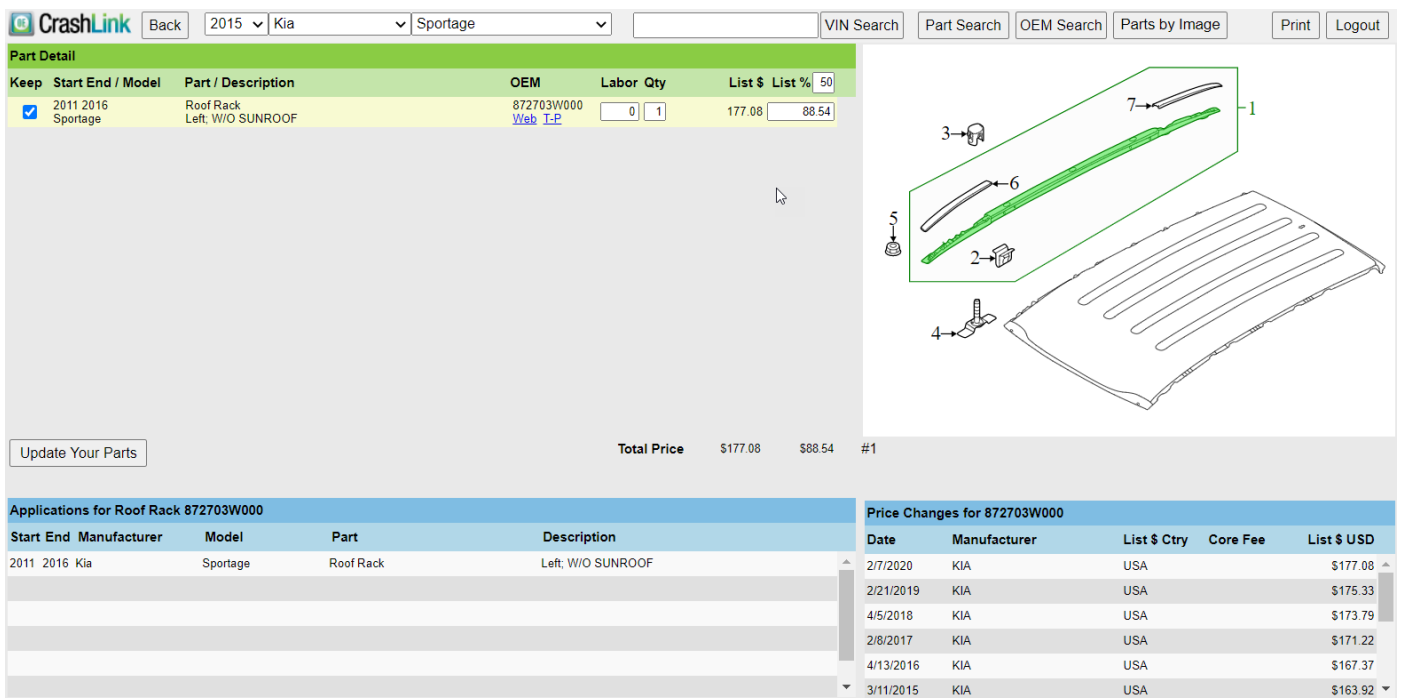

2. Click **Search Inventory**. The **Parts** tab opens with search results.

- You see that you have a luggage rack from a 2015 Kia Sportage, but you don't know if that will work for your customer's 2016. You decide to search CrashLink. Click to select the part in your inventory, then press your CrashLink **F-key**. (For most users, this is **F6**.*) This launches the CrashLink data search. CrashLink processes the data and opens the **Part Selection** page in your browser.

- Based on the questions, ask the customer about the part they need (in this case, you'd ask whether they need the left or right roof rack). Use the checkboxes to select the part you wish to search.
- Click **Add to Your Parts**.
- The **Pricing/Information** page opens. The **Applications** section lists the years and models that share the same OEM part number. This information will tell you if the 2015 roof rack that you have is compatible with the 2016 that the customer requested.

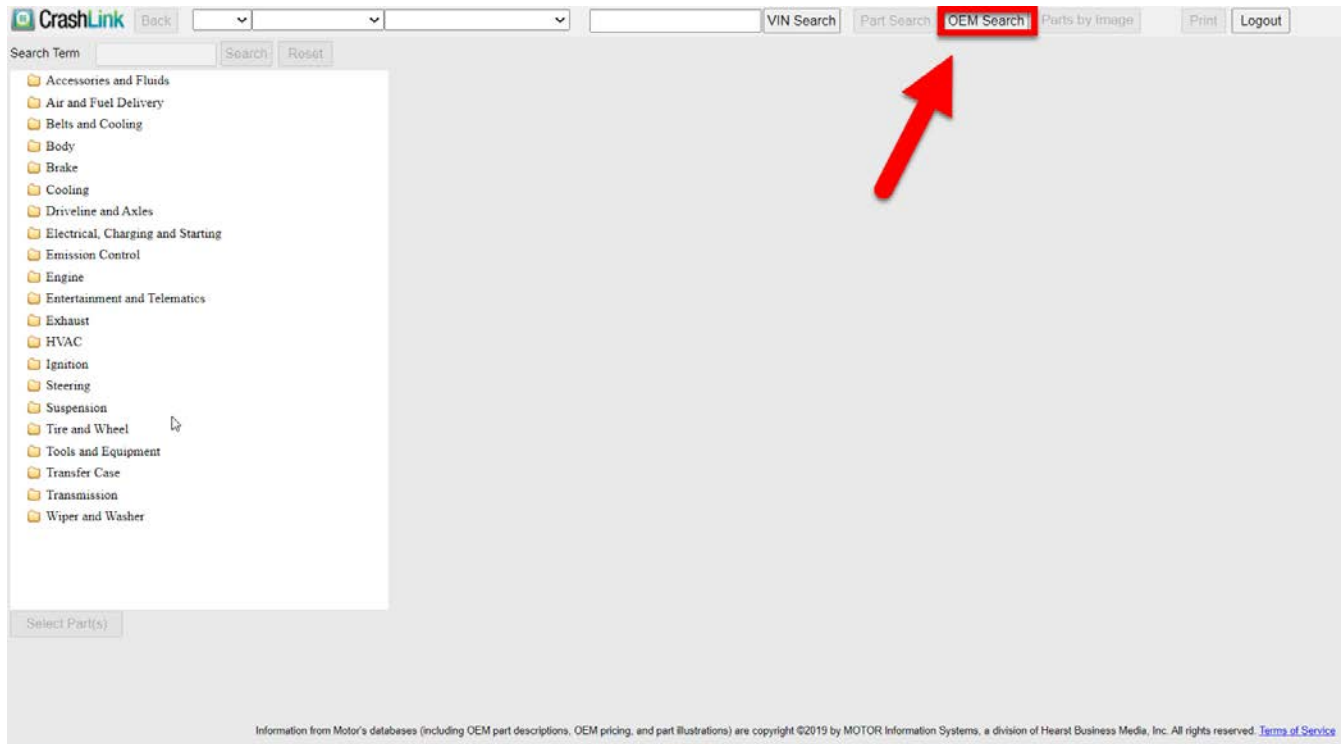

* If you do not know your CrashLink F-key, see **Appendix B: Confirming CrashLink's F-key**.

Identifying a Loose Part – OEM Number Lookups

Scenario: You find a hinge in the yard that has no tag or any other identifying features except for an OEM number of 25964301. You can use CrashLink to help you determine what the hinge fits and how much you should charge for it.

1. Go to CrashLink.Car-Part.com and log in.
2. Click the **OEM Search** button.

3. Enter **OEM#** and click **Search**.

4. CrashLink displays the OEM results page, which lists all the vehicles and parts that share this OEM number. Click the checkbox to select the part you wish to include in your CrashLink search.

5. Click **Add to Your Parts**.

7. Return to Partmate and open the **PriceBook** tab to update the Price Book.

The screenshot shows the Partmate software interface. At the top, the window title is "Partmate - VIN: Model: COMPAS Year: 2017 Stock#: Miles: 0". The menu bar includes "File Edit Tools Print BIDMATE Turn Keyboard On View Help". The main interface has several tabs: "Main", "Vehicles", "Options", and "Parts". The "Parts" tab is active, and within it, the "Inventoried" sub-tab is selected. A red box highlights the "PriceBook" tab, and a red arrow points to it from the "Interchange" column. The "Interchange" column shows a list of parts, with the selected part being "Motor only, (classic style, vertical rear door handle), w/o off road crawl ratio transmission" with an interchange number of "1021". The "PriceBook" tab is open, showing fields for "Retail", "Wholesale", "Bidmate \$", "AVG Sale \$", "List \$", and "Max Core Offer". The "List \$" field contains the value "324". There are also buttons for "Buyers" and "Apply\$". Below the main interface, there are various filters and options, including "Activity: All Yrds", "QOH - All Yards", "Levels", and "Part" options. The bottom of the window contains a footer: "Car-Part Interchange Plus includes information which is © 2020 MOTOR Information Systems, a division of Hearst Business Media, Inc. All rights reserved."

Appendix A: Currency Display Options

CrashLink allows you to select how you would like to see prices displayed when using the tool. If you would like to change the way currency displays in your CrashLink searches, your Car-Part salesperson can assist you.

Options for Canadian Users

1.

- **US List Price:** US List Price will display in US dollars and Canadian dollars.
- **Canadian List Price:** Canadian List Price will display in Canadian dollars only.
- **List %:** List % price will use Canadian List Price. If no Canadian List Prices are available then US List Prices are converted to Canadian dollars.
- **Price (History) Changes:** Price Changes will display mixed currencies (Canadian List Prices in Canadian dollars and US List Prices in US dollars).

Appendix B: Confirming CrashLink's F-key

If **F6** does not begin a CrashLink search, follow these steps to confirm which F-key you have assigned to CrashLink:

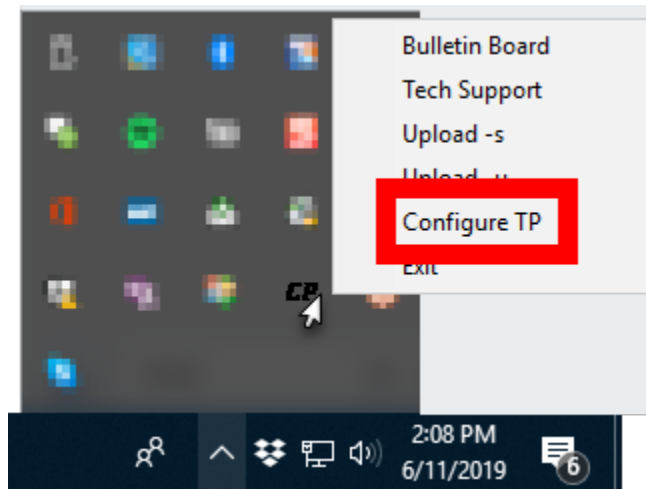

1. Make sure the Trading Partners software is running by looking for the **CP** icon in your system tray. (If the Trading Partners software is not running, double-click on the **Car-Part.com Trading Partner Software** icon.)

- **Note:** If Trading Partners software is not already running, double-click the **Car-Part.com Trading Partner Software** icon on your desktop.

2. Open Trading Partners by right-clicking on the **CP** icon and selecting **Configure TP**.

3. The **Car-Part.com Trading Partners Configuration** window opens. Look for the **Function Key for CrashLink** line. The drop-down box will indicate which key you have CrashLink configured to. You can also change your designated F-key here if you wish.

- ^ indicates the **Ctrl** key
 - For example, if you select **^F6** then you will launch a CrashLink search by pressing **Ctrl** and **F6** on your keyboard)
- + indicates the **Shift** key
 - For example, if you select **+F6** then you will launch a CrashLink search by pressing **Shift** and **F6** on your keyboard)

A screenshot of the 'Car-Part.com Trading Partners Configuration' window. The window has several sections. At the top, there are fields for 'Inventory Management System' (set to 'Checkmate'), 'Site' (set to 'http://www.car-part.com'), 'Username', and 'Password'. Below this is a table for 'Function Keys' with columns for 'BUY', 'PRICE', and 'Preferred Sort Order'. The 'Function Key for CrashLink' is set to '{F6}' and is highlighted with a red box and a red arrow. Other function keys include 'Function Key for Vendors', 'Function Key for Images', 'Hot Key to Bulletin Board', and 'Function Key for Broadcast'. At the bottom, there is an 'Email' field and 'Advanced' and 'Close' buttons. A copyright notice at the bottom reads: '© Trademarks owned by their respective owners, not necessarily affiliated with Car-Part.com © 1997 - 2015 Car-Part.com, Release 3.4.1.11'.

4. When you are finished, click **Close**.

Getting Help

For more information about this product, including access to online training videos and documentation, visit Products.Car-Part.com for our recycler resources.

Car-Part.com takes customer service seriously. We have a variety of support options available to help you if you have questions about our products or if you need help for any reason. Your questions are very important to us and we want your experience to be a positive one. Please contact us with any questions or concerns using any of the following methods.

Phone Support

If you have a question not covered in this guide, Car-Part.com offers phone support. Please call 859-344-1925 with your questions.

Online Support using Car-Part Messaging (iCPM)

Support technicians are available online using Car-Part Messaging (iCPM) support rooms. These technicians are available LIVE to help answer any questions you may have.

The support rooms are staffed Monday–Friday, 8:00AM–8:00 PM ET.

To enter an iCPM support room:

1. Double-click the **iCPM** icon on your desktop.

2. **Car-Part Messaging** opens.
3. Double-click the name of the **Support Room** from your bookmark list.
4. Type **HELP** and a brief explanation of your issue. A Car-Part.com support technician will answer and help with your issue.

Training

If you have ongoing training needs, Car-Part.com has a team of product training specialists to help you learn how to use our products quickly. If you are interested in product training, please call our training department at 859-344-1925 and a trainer in your area will call to schedule training.

Comments

We welcome your comments and suggestions concerning the content and organization of this guide as well as the accuracy and the usability of the instructions it contains. Email us at documentation@car-part.com. We're listening!
